EDUCATION

2014 - 2020

SCHOOL 11

- Highschool
- 98.3

2020 - 2024

NATIONAL UNIVERSITY OF
MONGOLIA

- Bachelor of Applied Mathematic
- GPA: 3.3 / 4.0

SKILLS

- MATLAB, R, Python, C/C++, SQL
- Mathematical Analysis
- Image Processing
- Team Work
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- Mongolia

PROFILE

An Applied Mathematics student at the National University of Mongolia, I excel in rigorous research and problem-solving, evident in my consecutive wins at student conferences and participation in the "Mathematics for Industry" Study Group. My diverse skill set encompasses Image Processing, Machine Learning, and advanced Mathematical Analysis, positioning me to make impactful contributions wherever I go.

ACHIEVEMENTS

1st place, Student conference	2024.04.29
School of Engineering and Applied sciences	
3rd place, Student Conference	2024.04.17
Department of Applied Mathematics	
3rd place in Math competition	2024.04.13
<u>Mongolian University of Science and Technology</u>	
School of Applied Sciences	
2nd place in Engineering Economy Olympiad	2023.11.25
<u>Mongolian University of Science and Technology</u> ,	
School of Information and Telecommunication Technology	
2nd place, Mathematic Olympiad	2023.05.19
School of Arts and Sciences	
1st place, Student conference	2023.04.27
School of Engineering and Applied sciences	
1st place, Student conference	2023.04.20
Department of Applied Mathematics	

Books Studied as Extra Curriculum: Real Analysis, Functional Analysis by Stein, Nonlinear Programming by Bertsekas, Introduction to Statistical Learning
